| Presenter | Lorena Brink/Teacher Representative |
| Item summary | 1. School updates |
| NO vote needed | <p>Notes:</p> <p>LBCS won the Distinguished school award. We are finishing the semester today. Starting our academic meeting with teachers to discuss the kids that need a little extra support to see how we can help them. We had marketplace before the break, and it was amazing. 8th grade field trip is coming. 6th grade and 4th grade overnights coming up. We have had a lot of rain and its challenging since we don't have a cafeteria. If you know someone that can help during lunch time, please let us know. A lot of the playground is wet and puddling also during the rain. The school is trying to figure out how the 4/5th grade music is going to start. Still in the process but we are not ready yet. We are looking into having part time art and part time music. We want to make sure that through the kids' time at LBCS that the kids have both music and art. We want the kids to also be able to join the band. We don't have space for a music room so there is a lot of hurtles to overcome but working on it. We do have funding for it because of the Grant the state rolled out. The money must go into something new; it can't go into something we are currently doing. Regarding new school- no answer to when it will happen. The district is working hard negotiating with the builder and developer.</p> <p>Regarding distinguished school: The district is going to send us a banner and we are going to buy a cake and sparkling cider on Monday.</p> |

Kristi brought up the dirt lot to have it leveled because it is so uneven and bad. Lorena said she would look into it since its technically not our land.

| Item Summary | <ol style="list-style-type: none"> 1. Progress on staff bathroom We have a quote from tuff shed and it has been approved by AI. It will take up to a week to arrive. There will be a few other expenses inside the shed. Cost will be around \$3200 or so. This will take everything out of the bathroom. 2. Popsicle Freezer will go in the staff room. It will be just for the popsicles, so we don't have to use the staff freezer. We voted and everyone voted yes to spend the money on these new items. 3. Cesar has nets to put up to make sure our balls stay in our campus. District will head this. |

| Presenter | Courtney Renick |
| Item summary | <p>1. Parents questions are discussed if any are received throughout public outreach, or comments from attendees are taken at this time of our meeting.</p> <p>No google survey questions.</p> <p>*Can we do something for staff/students to celebrate distinguished school? – Paula and Kristi already gave out personal Starbucks orders to all staff. Nothing has been done for the students yet. We will be getting a banner from the district. Want LBCS sign off Laird especially now that we can say distinguished school. Maybe free popsicle day for the kids.</p> <p>Are kids even aware that we won this? An idea was to give each student a water bottle sticker or pencil. Maybe get Taylors to give out free ice cream cone coupon (donated by Taylors).</p> <p>*What does it mean to be distinguished school and how long? – ` Either 2 years or forever, going to look up. Test scores, lowering chronic absenteeism, ESL making progress and IEP. Top 3-4% schools out of 9,000 schools - have to have at least 3,000.</p> |
